## Partnership Statement

Yieh Phui Enterprise Co., Ltd., the leading independent coated steel producer in Taiwan, China, and Southeast Asia, proudly serves as Swan Swee Construction Pte Ltd's principal supplier of premium painted steel solutions.

Our extensive portfolio includes ColorLume® SMP (AZ200/SILKSTAR 500), ColorLume® PVDF (TRINAR 5000), ColorMax® (ZM310/SILKSTAR 500), PhuizerLume® (AZ200), PhuizerMax® (ZM310), and galvanized steel —products trusted across industries for their durability and performance.

Through a strong and collaborative partnership, Yieh Phui Taiwan and Swan Swee successfully introduced to Asia and ASEAN the groundbreaking ColorMax® with PVDF paint system, the excellent metallic-coated steel featuring ZM310 metallic coating and AkzoNobel Silkstar® 500 top paint. This revolutionary paint technology sets new benchmarks for resilience in harsh and rapidly changing environments.

Together with Swan Swee, ColorLume® SMP, ColorLume® PVDF, and ColorMax® have achieved the prestigious 4-ticks (Leader) certification from the Singapore Green Building Council, a recognition that cements their leadership in painted steel innovation across ASEAN and Singapore.

We are honored to be associated with Swan Swee as one of our principal applicators for our full range of coated product in Singapore and ASEAN, and extend our heartfelt congratulations and best wishes to Swan Swee as they continue their remarkable journey in shaping the future of the Singapore building industry
